

Noi si elita sahului mondial

MF Marius Ceteras

In numarul 2/2005 revista "Gambit" a publicat articolul "Noi si elita sahului mondial" in care am dorit sa fac o prezentare a situatiei in care se afla in acest moment sahul romanesc, din perspectiva confruntarilor sahistilor nostri de top cu elita sahului mondial.

Articolul contine prezentarea evolutiei din perioada 2000-2004 a jucatorilor Dieter Nisipeanu, Andrei Istratescu, Mihai Suba, Mihail Marin, Dorian Rogozenko, Vladislav Nevednichy, Levente Vajda, Bela Badea, Mircea Parligras, Constantin Lupulescu, George Grigore si Mihai Grunberg. La baza comentariilor facute stau date statistice care se regasesc in acest material. Dupa cum veti constata volumul informatiilor era foarte mare si nu putea fi inclus in totalitate in revista "Gambit", de aceea am optat pentru completarea articolului publicat in revista cu un material electronic care sa contina informatii detaliate despre evolutia jucatorilor romani impotriva elitei sahului mondial in perioada 2000-2004.

Indicatorul principal al analizei efectuate este modul cum fiecare dintre jucatorii mai sus mentionati a evoluat impotriva unor jucatori cu rating >2500 in perioada 2000-2004. Sursele folosite sunt MegaDatabase 2004, ChesBase Magazine 1-103, TWIC 418-536 si site-ul www.fide.com. Rezultatele sunt grupate pe ani si culori, astfel incat sa poata oferi cat mai multe informatii interesante.

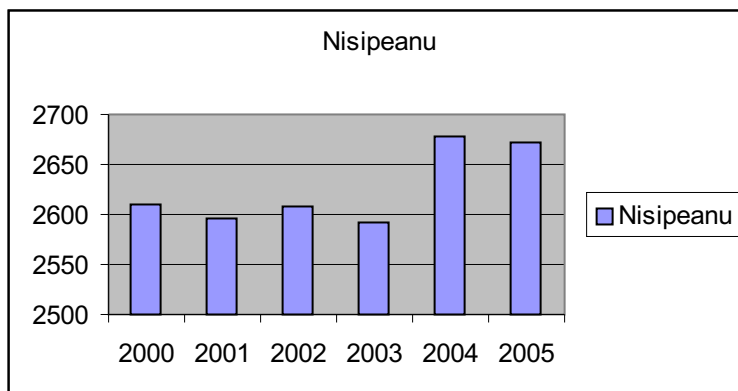

Am prezentat de asemenea evolutia rating a fiecarui jucator in parte in ultimii ani, luand ca repere ratingurile din lista FIDE publicata in luna ianuarie intre 2000 si 2005. Pe langa evolutia fiecarui jucator in parte, veti gasi si o prezentare grafica centralizata cu toti cei 12 jucatori.

Avand in vedere ca articolul incearca sa prevada care este viitorul echipei olimpice masculine din perspectiva Olimpiadei din 2006, in acest material veti gasi si unele informatii statistice despre tineri jucatori care ar putea cocheti cu echipa nationala in viitorul apropiat. Ca orice predictie, nominalizarea jucatorilor cu sansele cele mai mari de progres este subiectiva. Eu m-am oprit asupra a cinci nume: Vlad Jianu, Bogdan Vioreanu, Vlad Barnaure, Andrei Murariu si Eduard Valeanu. Primii doi apartin unei generatii foarte valoroase a sahului romanesc a carei exponent este Constantin Lupulescu. Ultimii trei sunt inca juniori si fac parte dintr-o alta generatie valoroasa. I-am ales pe ei in detrimentul altor colegi de generatie datorita progresului pe care l-au facut in ultimii ani. Un junior care a progresat mult in ultimii ani, Cristian Chirila, nu se regaseste in acest articol deoarece cred ca este inca prea tanar pentru a intra in discutie pentru urmatorul ciclu olimpic, dar desigur el are viitorul in fata.

Va recomand sa cititi acest material impreuna cu articolul publicat in revista "Gambit" deoarece el nu este decat o anexa a aceluia articol.

In cazul in care aveti comentarii de orice fel pe marginea articolului, nu ezitati sa-mi scrieti la adresa de email all_romanians@yahoo.com
